

AAXICO PMA PRODUCT RELEASE

AAXICO Technical Services (ATS)
is pleased to announce PMA on
the following Part Number:

Part Name	ATS PMA P/N	OEM P/N	OEM	Eligibility
Peripheral Belt	406-1511-005ATS	406-1511-005	Honeywell International	Airbus A310, A319, A320, A321, A340 Series Boeing 737, 747, 757, 767 Series Bombardier DHC-7-102/103 Series McDonnell Douglas DC-10, MD-11, MD-80 Series

The Peripheral Belt is a custom cured silicone belt with an approximate 0.050 inch thickness, an average diameter of 3.175 inch and a height of .300 inch. The Peripheral Belt is used to peripherally drive a tape wound supply and take-up hubs to transfer tape from one to the other while maintaining tension on the tape within the tape transport assembly on the Universal Flight Data Recorder (UFDR).

Advantages of Product Improvement: Offers a substantial cost savings over the OEM part without affecting the original form, fit or function.

Please contact any AAXICO office for further information.
